

Happy New Year!

A message from our 2007 President,

As we gear up for 2007, it is important to remember the primary purpose of the Jaycees. The Jaycees give young people the tools they need to build the bridges of success for themselves in the areas of business development, management skills, individual training, community service and international connections. I am confident that the Marshalltown Jaycees provides opportunities to excel in each of these areas.

We have planned a full and exciting schedule for 2007. Now more than ever it is vital that we grow our chapter so we can successfully make a difference in our community. If you know a friend, family member or co-worker that prides themselves on helping others and wishes to develop their leadership skills please invite them to attend one of our meetings.

I look forward to working with you all this year!

-Mike Smith
